LATORIAL FAISON

The Pediatrician

I watched him
as he looked my kid over
just skimming ...
ears, nose, mouth, feet, legs
head circumference
I guess he was thorough
because my baby was happy
as a lamb
and I just want to know if
the slight twist in his left
foot, leg, tibia, whatever ...
will be a bother in the future
so I watched him
as he looked my kid over
making small talk
in eighteen month old tongue
while I wondered where the
blame belonged
as he told me my kid was fine
"right where he needed to
be"
so he said ...
and so we'll see him in six
months
to repeat the cycle
repeat the questions ... the
answers
the uncertainty.

Latorial Faison is the mother of two children.
