The Thinker

strong, solid
chin on hand
right elbow on thigh
left arm across knee
 leaning forward
breasts filling in the spaces

Equality and the Charter: Ten Years of Feminist Advocacy Before the Supreme Court of Canada

Women's Legal Education and Action Fund (LEAF)

LEAF has produced an edited collection of its important and effective intervenor facta prepared for the Supreme Court of Canada. This collection includes excerpts from corresponding Supreme Court judgments and editorial commentary on the impact of the facta on the decision-making process.

This publication represents one of the most significant historical accounts of the evolution of the equality and women's rights movements in Canada. It provides a fascinating introduction to the philosophy and objectives of LEAF as it has evolved over a decade of change.

While the historical importance of this collection makes it an essential component of every Canadian's library, the practical value of the work should not be ignored. Lawyers, academics, and others will benefit from the inspiration to be gleaned from legal argument and legal writing of the highest calibre.
